The ECE Workforce Training Module is comprised of four components, the Sponsor/Organization, Trainer/Instructor, Training Calendar and Trainee/Participant components. All four components work together to create the Training Module. The Registry’s Training Module and Calendar are designed to allow sponsor organizations and their training instructors the ability to post and manage training events, the training enrollment process, and the payment process, as well as post completed trainings directly to participant’s profiles, and generate reports all in one place. To access the Training Module and Calendar, or any other Registry feature, one must have an active individual Registry profile; this includes the sponsor contact person, additional sponsor managers, instructors, and participants searching for available trainings. The following step-by-step instructions are for approved sponsor organizations and their training instructors.

1. Training Sponsor/Organization

The ECE Workforce Registry Office is responsible for approving all sponsor organizations. To request Training Sponsor access, please contact the Registry Office to request an online Training Module/Calendar Application. This component of the Registry is available to training vendors funded by First 5 California and California Department of Education (CDE) Early Education Support Division (EESD), this includes Referral (R&R) agencies, California Preschool Instructional Network (CPIN), and WestEd Program for Infant Toddler Care (PITC), among others. Locally funded training organizations may also gain access to the Training Module/Calendar, with the approval of the funding agency, please contact the Registry Office with questions.

The Training Module/Calendar Application must be submitted by the Executive Director, or equivalent and include the identification of at least one Contact Person, unless the Executive Director will be entering training data into the Registry. Once a training/sponsor organization has submitted their application, and has been approved, the primary Contact Person will have tools available upon login to manage the Training Module/Calendar for the approved organization. The contact person(s) must have an active Registry profile to access the Training Module/Calendar.
1.1. Contact Person/Managers

Each Training/Sponsor Agency must have at least one designated primary contact person included in the Application, unless the Executive Director will be adding, editing, and/or removing trainings for the organization. The contact person(s) must have an active Registry profile to access the Sponsor Tools of the Training Calendar.

- To create a profile, go to www.caregistry.org and click “Create Profile” and complete the registration process. An email address is required and will serve as the user name upon login.
- Once the contact person has completed the registration process and has an active profile, he/she will have access to the Training Module.
- If the Contact Person/Manager(s) is also a trainer, an Instructor Access Request will also need to be submitted to access the Training Calendar Instructor Tools. See 2.2 and 2.3.

NOTE: The contact person should use their work email address in the Registry for the Training Module.

1.1.1. Training Organization/Sponsor Tools

When the contact person logs-in to his/her profile, the following Home Screen will appear (see screen shot below). To access the Training Sponsor Tools, click the link in the navigation bar to the left of the screen.
Upon clicking the **Training Sponsor Tools** link, the following screen will appear listing the tools available.
1.1.2. Training Sponsor/Organization Information

Upon clicking the Training Sponsor Information link, the following screen will appear (see screenshot on next page). The primary Contact Person should ensure that the data in Training Sponsor Information section (the first link on the Sponsor Tools page) is up to date. This information can be edited at any time.

NOTE: Fields that have an asterisk (*) are required fields and cannot be left blank.

The Executive Director information AND the contact person information will already be prepopulated by the Registry Office for the contact person to gain access to the Sponsor Tools. The contact person will have the ability to make changes and/or assign additional sponsor managers once access has been gained.

- The first name, last name, and email address of the Executive Director is entered in the top portion of the Sponsor Information section, whether or not the Executive Director is the Contact Person.
  - If the Executive Director will also be the contact person, click the box to indicate this status.
  - If the contact person is different from the Executive Director, do not check the box and manually type in the contact person’s information.

NOTE: While it is not required for the Executive Director to have a Registry profile, it is strongly recommended especially if the Executive Director is also the Contact Person and counted in a QRIS rating.

- Do You Award CEU’s?: If the training organization offers continuing education units (CEUs), click Yes. Otherwise, click default is No.
- Self-Withdrawal Window in Days:
  - If a student can self-withdraw, or unregister themselves from a training, click Yes and enter the number of days prior to the training the student will be able to self-withdraw. If a 3-day window is entered, the student will not be able to withdraw 2 days or less prior to the training. The student will have to contact the sponsor to withdraw.
  - If a student is not allowed to self-withdraw, click No and the student will have to contact the sponsor to withdraw.
- Maximum Future Enrollments per User: 99 is the maximum number.
- Additional Sponsor Managers: The contact person can assign additional sponsor managers that will have the same access to the Sponsor Tools as the contact person.
  - The additional managers MUST have an active Registry profile.
  - The contact person will click the green link Add additional sponsor managers.
The Registry ID number of the additional manager must be entered, then click **Add Manager**.

To remove a manager, click the green **Remove** link next to the additional manager’s name.

When all information has been added and/or updated, click **Save**.

---

**1.1.3. Add Training Inventory/Catalogue**

This function allows **Primary Contact Person(s)/Contact Managers** of approved **Training Organizations/Sponsors** to develop an inventory, or “catalogue,” of trainings like college course catalogues. All trainings must be added prior to posting them to the event calendar. To add trainings, click **Add Training** in the **Sponsor Tools** *(see next page)*.
NOTE: The Contact Manager name will appear on the Training as primary contact for the organization.

Below is an example of the Add Training page in two sections:

Training Description is a free type space, max 1,000 characters.

The hour value is a numeric field with 2 decimal places.

Hour Type drop down choices:
- Clock hours - CEU Eligible
- Please Select

1.1.3.1. List of Training Inventory/Catalogue

To view the list of all trainings your organization offers, click the List Training link from the Sponsor Tools (see screenshot below).
When the “edit” link is clicked, the same screen as Add Training will appear (see Add Training screenshot on page 5) except it will be entitled Edit Training. When all changes have been completed, click Save Changes at the bottom of the screen.

1.1.4. Instructor Access Request(s)

To add a trainer to provide trainings with your organization, including Contact Manager(s), the instructor must request access to the training calendar by doing the following:

- The instructor must first have an active Registry profile, login to his/her profile, with their work email address, and click Instructor Access Request on the green navigation bar (see screenshot below). The Instructor Access Request page will pop up.
The instructor will type in the name your organization and click Search.

The instructor will click the circle next to your organization and click Submit Request.

Upon successful submission, the green Request Sent Successfully message will appear with a green checkmark (see screenshot above). At this point, the instructor must wait for your approval to proceed with the Instructor Tools.

1.1.5. Instructor Management(s)

After the instructor has successfully submitted the Instructor Access Request, the instructor will appear in a list in the Instructor Management link in the Sponsor Tools.
The Instructor Management page will list the instructors pending approval or denial.

- Be sure to deny access requests by individuals that you do not know, and/or do not want access to your training inventory and the ability to post trainings.
  - You can contact instructors that request access by clicking on the email icon. The email will come from the email stored on your Registry account. You can also email those that are approved or declined by switching the Request Type status from Pending to Declined or Approved.
    - After sending an email, you can Return to Home or Return to Inbox to view email history of emails sent in the Registry.
      - You can also access your Registry inbox by going to My Messages on the bottom of the left navigation.
Click the drop-down box to either approve or deny the instructor access request, then click **Save** status. Once the request has been processed, the instructor will no longer appear in the **Pending** list. Click the drop-down box and select **Approved**, then click the magnifying glass icon to see all approved instructors. Click **Denied** to view all denied instructors.

The **Process Instructor Access Request** screen will appear.

Click the dropdown box to change the status, and then click **Save Status**.

To change the status of a processed request, go to the **Instructor Management** page, select **Approved** or **Denied** in the dropdown box, click the magnifying glass, click the circle next to the name of the instructor, then click **View/Edit Access Request** (see screen shot on the next page.)

---

**Step 1:** To change the status, select **Approved** or **Denied** in the dropdown box, click the magnifying glass icon.

**Step 2:** Click the circle next to the instructor, then click **View/Edit Access Request**

---

**Note:** Once a sponsor has either approved or denied an instructor request, an email is automatically sent to the instructor notifying him/her of their status. Upon approval, the instructor will have access to the “**Instructor Tools**” on the green navigation bar on the left.
1.1.6. Event Management

Once trainings are added and instructors approved, you can begin scheduling and posting trainings to the Training Calendar. Building an event includes pulling from a drop down of instructors to assign to the training. If your organization has a guest speaker, for example, the Fire Chief, you will want to assign the instructor who will be at the training with the Fire Instructor and note in the description, the guest speaker. You can also attach a bio, and/or other relevant info.

Begin by selecting Event Management in the Training Sponsor Tools. You will be directed to the Event Management page (see second screenshot on the next page).
The Event Management screen will contain a list of all trainings that have been posted to the calendar, including past and future trainings. Initially, this screen will be blank until a training has been added to the calendar. To add a training/event to the calendar, click the green **Add Event** link to take you to the Training Event Editor.

**NOTE: The training sponsor/contact managers and the sponsor’s approved instructors can add events to the calendar.**

To enter the **Training Name**, type in a key word of the training in the box and click **Search**. The training name will be pulled from the list of trainings added to the Registry as instructed in 1.1.3 Add Training Inventory/Catalogue above. After clicking **Search**, a pop up with the list of trainings that match the key word will populate. Select the desired training in the pop up box, then click **Close Window**. 
Step 1: Type the key words in this box (Basic Center) and click Search to find the training you want to post to the calendar. The training title is pulled from the list of trainings added to the Registry in Add Training illustrated above. If the training is not there, you need to go back to the Sponsor Tools to List Training to verify whether the training exists or you can just select Search to see a list of training titles. If not, see Add Training above and create the training.

Step 2: After clicking Search select training here.

Address fields will appear if “Classroom/Face-to-Face” event type is selected. If “web-based” is selected, the address fields will not appear. Enter the appropriate information for the training location and time – asterisk (*) are required fields.

This is a free-type text box. Max 1,000 characters.
Event Type is a drop-down box with the choices of classroom, web-based self-paced/ongoing, and web-based time specific.

- If “Classroom/Face-to-Face” is chosen, additional fields will come up for location address. If “Web-Based” is chosen, location address field will not display.
  - When “Classroom/Face-to-Face or “Web-based Time Specific” is chosen a Training Reminder box will appear near the bottom of the page enabling email reminders to be sent to trainees enrolled in the Training Event on the Registry.

Event Notes is a free-type text box that will be visible to enrollees and potential enrollees. This box will notify enrollees of any special instructions or other important specific information regarding the training – maximum of 1,000 characters.

- If your organization will publish trainings on the Registry for public viewing but will use a different online registration system, a link to the registration page can be included in this box to alert trainees to the registration process and below after selecting Through another method [How would you like users to enroll in this event?] (see page 16 for screen shot)

- Set the Capacity to 0 to prevent individuals from registering for the training via the Registry.

- Language of Instruction is a multi-check box that will be visible to enrollees and potential enrollees looking for language preference.

- Intended Audiences refers to those who the training was designed for, not everyone you think will attend the training. Multiple audiences may be chosen but if you select “Trainer” this training will be reported as a “Training the Trainer”.

**NOTE for STATE FUNDED VENDORS:**

If your organization is funded by the California Department – Early Education Support Division or First 5 California, the selection of Target Audience will impact data that populates the Direct Service Profile Report, see Section 3: CDE-EESD/First 5 CA Vendor Reporting, located in the Table of Contents.

- Instructor Name is a drop-down box will list all the names of instructors the sponsor has approved.

- Publish Event – by clicking this box, the training will be published on the Training Calendar for all participants to see. If this box is not checked, it will not appear on the calendar. A sponsor can add an event for 6 months or more into the future, but may not want to publish the event until a month before the scheduled date. Once the sponsor is ready to publish the event, go to the Event Management screen to publish.
- Event Capacity: Once the capacity has been reached, all other participants who want to enroll will be waitlisted. If an enrollee withdraws, the next participant on the waitlist will be enrolled.
  - The sponsor/instructor can also increase the capacity. If capacity is increased, the next participant on the waiting list will automatically be enrolled. An email is automatically sent to each enrollee and waitlisted participant letting him/her know of their enrollment status and price of the training.
    - If your organization will publish trainings on the Registry for public viewing but will use a different online registration system, you can reference the link in Event Notes box (above on page 14) AND
    - When you select How would you like users to enroll in this event? and Through another method to alert trainees to the registration process.
      - Set the Capacity to 0 to prevent individuals from registering for the training via the Registry.

- Price Per Person: Is intended for trainings where fees are collected for training. If there is no fee, insert 0, otherwise include the cost to alert potential trainees. Instructions on payment can be included in the Event Notes section. If there is a range, you may want to include the range in the Event Notes section with additional information.

- Payment Button Code: Sponsors can set up a PayPal or other 3rd party payment option on the Registry to collect payment for trainings. Once an account has been set-up to receive payments, the Button Code can be accessed and entered into the Event. (See your 3rd party service to identify the “Button.” When completing the Registration process, the individual will receive a confirmation email of enrollment in the training which will include the Button (i.e. link to complete payment.

- My Organizations’s URL Payment Link: is where you can enter your organization’s payment link. When completing the Registration process, the individual will receive a confirmation email of enrollment in the training which will include the link to complete payment.
When all information has been entered in the Training Event Editor, click Add Event. The event will be added to the Event Management page.
Training Events can be filtered by **Training Name** or by date range of training event **From** and **To** (MM/DD/YYYY).

To change an event from “published” to “not published” or vice versa, simply click the green **Yes** in the published column and the **Yes** will change to **No** and will not be published on the calendar. Clicking a **No** in the published column will change to **Yes**.

Export all or filtered training events by using the Excel icon below.

To view the status of training enrollments and number of individuals marked attended for this event view **Number Enrolled** and **Number Attended**.

Clicking this icon will take you to the **Training Information** page. See screenshot on next page.

Clicking this icon will take you to the **Training Roster** which contains a list of the participants who have enrolled in the training.

To view event details, click the icon under the ‘View’ column next to the event. To enter your training roster when the event has ended, click the green **Yes** in the published column and the **Yes** will change to **No** and will not be published on the calendar. Clicking a **No** in the published column will change to **Yes**.

Clicking this icon will take you to the **Training Roster** which contains a list of the participants who have enrolled in the training.

- If details of the training need to be edited, only the Contact/Sponsor Manager(s) may access the editing tools. Instructors that are not also Contact Managers will not be able to edit Events.
  - The top of the page includes the general training information. Edits to this section occur when the training is accessed through List Training from Sponsor Tools.
- The bottom section of the screen displays the details of the training event that indicates which fields may be edited by the Contact Manager(s).
  - Only delete training events if there are no enrollees.

When **Edit Event** is clicked, the event opens up, enabling editing all elements. Events can be edited before the event takes place.

**Update Event Information**

Click **Update Event Information** to save Event information that will not impact current enrollees.

**Update Event Information/Resend Confirmation Email**

Click **Update Event Information/Resend Confirmation Email** Email to inform current enrollees of changes that may impact their enrollment, such as event location or time.
The Training Information page provides important details about the training. This is also the page the participants will see when they want more information on the training. Event Cost, Event Capacity, # Enrolled and # Waitlisted are summarized on the bottom of the page.

The Training Roster contains the names of all participants enrolled in the training and contact information. The sponsor and approved instructor will have access to the Roster.

1. Enrollment Status change of an enrolled participant, by clicking the green link in the Status column next to the participant’s name (see screen shot for enrollment status above).
2. **Email** can be sent to the participant individually or all at once. Each participant’s email address is hyperlinked to send a message individually or click the **Email All Registrants** to send an email to all enrollees at once, attachments cannot be sent to registrants from within the Registry.

   - If you want to email recipients attachments, click the Excel icon to export a list of all registrants. You can highlight all of the email addresses and copy and paste the list into the blind carbon copy (BCC) field of your external email system, for example Microsoft Outlook. Sending the email in the BCC field, will prevent other registrants from viewing the email addresses of others.

3. **Payment Status** If a participant pays for the training at the time of enrollment with the PayPal option, the status will say “Paid.” If the participant chooses to pay at a later time by check, cash, or credit card, the sponsor or approved instructor can manually change the payment status (see screenshot for payment status above).

4. **Mark All As Attended** option is NOT available until the day of the training. If everyone on the roster attends the training, upon the conclusion of the training the sponsor/instructor can click **Mark All As Attended** and everyone’s profile will be updated with the training information. If one or more enrollees were absent, the sponsor/instructor can change the status to **Attended** for each individual that attended. (See sample of **Mark All As Attended** below.)

5. **Add Non-Enrolled Attendee to Roster** is NOT available until the day of the training. If a participant shows up to the training that did not register prior, the sponsor/instructor can add the participant to the roster manually by clicking this option. The participant MUST have an active Registry profile (see sample of **Add Non-Enrolled Attendee to Roster** on page 23).
If you see CDE/F5CA Attendee Coding tool, see image below, go to **Section 3: CDE-EESD/First 5 CA Training Vendors** to apply State program funding codes to attendees to generate a **Direct Service Profile Report – CDTC Format**.

**ADD NON-ENROLLED ATTENDEE TO ROSTER**

Add the Registry ID number of the participant to be added to the roster, then click **Add to Roster**. The participant will appear in the Roster list.

If an individual was entered incorrectly, highlight the individual and select **Remove from Roster** below.
MARK ALL AS ATTENDED

If everyone on the roster attends, click "Mark All As Attended" and everyone’s profile will be updated with the training info.

An Enrollment Status can be changed by selecting "Attended," "Withdrawn" or "No Show" and the training info will be updated for the individual.

2. Instructors/Trainers

The first step to becoming an approved trainer/instructor with a sponsor organization is to have or create or update an existing Registry account.

2.1. Creating a Registry Profile

- An email address is required and will serve as the **User Name** upon login. The email address used to create your profile will be the same email address participants will use if they have questions regarding one of your trainings. *Please use your work email address.*
- To create a profile, go to [www.caregistry.org](http://www.caregistry.org) and click **Create Profile**.

- **Employment Status**
  When choosing employment option in the second screen of the Registration page or updating employment status in the Registry
  - **Employees** - Trainers that are employees of the training/sponsor organization search by the name of the organization.
  - **Contractors/Self-Employed** - Trainers that are contractors, self-employed, will first select search by **Employer Name** and then search and select **Contractor**. (See screen shot on next page.) Do not use this option if you are a FCC provider.
Search for your current employer. If you don’t find the employer on the first search, you may want to try again using different criteria.

**Specific Search Categories**

- **Licensed Center, Public School site or Family Child Care (FCC) Home**: Click Select **Employer/Busines/State and Location** and **Search By** to start your search. When you select **Name**, type in the name of the licensed facility/school site where you work/own your business.   - **FCCs**: Search by Last Name, First Name of owner/operator or license number.
  - **Large Multi-Site Employer**: Search and select the site where you spend most of your working hours.
  - If you cannot find your center, school or family child care home or FCC employer, click **Please Select then Name and Select Employer/Business not Found** and type in your employer/business details. Registry staff will work to add the employer/business/ECE related business in the Registry and match you with your employer/business/FCC.

- **Professional Development Organizations**: If you are employed by a professional development provider, such as a resource and referral agency, **Select Employer/Business/State and Location** and **Search By**, select **Name**, then enter the name of that organization, then click **Search**. When you locate the organization, press Select.

- **Unemployed**: If you are unemployed, **Select Employer/Business/State and Location** and **Search By** and **Name**, type “unemployed” then click **Search** and then **Select**.

- **Student Not Employed in ECE Field**: If you are a student not employed in the ECE field, **Select Employer/Business/State and Location** then **Search By** then **Name**, type “student” in search field, then **Search** and then **Select**. If you are a contractor, type “Contractor” in Search by Employer/Business Owned/Status and **Select** that option from the list. This is not intended for individuals that are employed and/or work directly with children and have an employment contract or for family child home operators/owners.

After making your selection close the box, complete the additional information, and **Save**!
2.2. Instructor/Trainer Access Request

The Contact Manager(s) designated by Executive Directors, or equivalents, of Training/Sponsor Organizations approve all their instructors. Every Registry participant can request instructor access by clicking the link on the green navigation bar entitled Instructor Access Request.

- Regardless of whether the trainer is an employee or a self-employed contractor, they **must submit** an Instructor Access Request and be approved by the training/sponsor organization to gain access to Instructor Tools.
- **Contact Manager** that are also trainers for the Training Sponsor/Organization, **must submit** Instructor/Trainer Access Request(s), and approve request, to gain access to the Instructor Tools.

- Click the “Instructor Access Request” link, as shown, to access the request page.
  - Type in the name of the organization you want instructor access with and click “Search.”
  - Click the circle next to the organization you choose and click “Submit Request” (**see screenshot below**).
Upon successful submission, the green “Request Sent Successfully” statement will appear at the top of the screen.

At this point, your instructor request will be sent to the sponsor organization and will remain pending until the sponsor approves or denies your request. You will receive an email once the sponsor processes your request informing you of the decision.

If your request is denied, you will have the ability to request access again in the future.

Note: There is no limit to the number of sponsor organizations an instructor can send a request to.
2.3. **Instructor/Trainer Tools**

If the sponsor approves your request for instructor access, your profile will include the “Instructor Tools” located on the navigation bar *(see screenshot below)*.

The instructor will have access to following tools:

- **Instructor Profile**
- **Event Management**

See the following sections for Instructor Tools:

- **Instructor Profile** = 2.3.1.
- **Event Management** = 1.1.6.
2.3.1. Instructor/Trainer Profile

The instructor must complete the profile page. Some of the information is pulled and populated from the instructor’s profile; other information is typed in. Click the Instructor Profile link (as shown in the screenshot above) to access the Instructor Profile Viewer.

- To add or change information in the Instructor Profile Viewer, click “edit” at the top right corner.

Clicking the link will allow a participant to send an email to the instructor. The email address cannot be changed in this section of the Registry. It is the same email address entered when the profile was being created. To change the email address, go to My Profile, on the lower left screen of participant login page. Please use a work email.
- Upon clicking **Edit**, the following **Instructor Profile Editor** screen will appear.

  The **Instructor Name** and **Instructor Self-Reported Education** fields are prepopulated from the personal profile page completed during registration. These fields cannot be changed from this screen. To change these 2 fields, the information must be edited from the personal **My Profile** screen – which is the RED quick link square.

  When the **Publish Profile** box is checked, all participants will be able to see your profile once you have posted a training to the calendar that you will instruct.

  Each of these 4 drop down boxes will allow the instructor to select more than one choice by holding down the **Ctrl** button on the keyboard and clicking as many choices that apply.

  Click **Edit Profile** when all updates/edits are complete.

  Free-type space Max 500 characters

  Free-type space Max 500 characters
When a participant searches for trainings, he/she will be able to see the instructor profile as shown below:

### Event Management:

The Event Management section for instructors is the same as for sponsors. Click the **Event Management** link in the Instructor Tools to access this section (1.1.6.) for step-by-step instructions on how to add a training to the calendar, email enrollees, change enrollment status for enrollees, manually add non-enrolled participants, manually enter payment information, view/print the training roster, view/print a sign-in sheet, and update enrollees profile once they have completed the training.

Only the **Contact Manager(s)** can edit training information once entered into the Registry.
3. CDE-EESD/First 5 CA Training Vendors

The foundation for replacing the paper Direct Service Profile Form (long and short) relies on the ability of the CA ECE Workforce Registry to capture trainee and training data. The goal of automating the reporting is to reduce the burden on training providers, increase data available for State funders, and provide real time training data for trainees, their employers and county administrators of CA-QRIS and other local initiatives. The Direct Service Profile Report Template outlines the coding structure needed to ensure consistency in data and an annual analysis of the status of professional development experiences of individuals provided by training organizations funded with state funding. The data elements are identified and refined in this section, as well as how to utilize the Registry to apply State funding streams.

The tables below display a breakout of the new methodology to change from a one-unit to a three-unit coding system; PD Delivery Type, Delivery Method, CDE/First 5 CA Funding or Fee-for-Service (external funding used to supplement the cost of providing the training) that will populate on the Direct Service Profile Report – Training Orgs - CDTC in the required coding format:

Definitions of Professional Development Delivery Types:

- **Training**: Training refers to participant-specific career or professional development support.
- **Trainer-of-Trainer (TOT)**: TOT refers to training provided to individuals who will in turn train others on the specific subject matter.
- **Technical Assistance**: Technical assistance is the provision of targeted and customized support by a professional(s) with subject matter and adult learning knowledge and skills to develop or strengthen processes, knowledge application, or implementation of services by recipients.
- **Coaching**: Coaching is a relationship-based process led by an expert with specialized and adult learning knowledge and skills, who often serves in a different professional role than the recipient(s). This includes coaching done via telephone or email.

---

1 Training and Technical Assistance Glossary, a joint project of National Association for the Education of Young Children (NAEYC) and National Association of Child Care Resource & Referral Agencies (NACCRA) 2011.
• **Mentoring**: Mentoring is a relationship-based process between colleagues in similar professional roles, with a more experienced individual with adult learning knowledge and skills, the mentor, providing guidance and example to the less-experienced protégé or mentee.

**Definitions of CDE/First 5CA and Fee-for-Service:**

- **CDE/First 5CA**: Refers to trainings that are fully funded by CDE or First CA (or First 5 County).

  *If the training is fully funded by First 5, you will need to have access to the First 5 code in your CDE/F5CA Program Name. Contact Elise.Crane@ccala.net to add CDE/F5CA Program Name codes to your organization.*

- **Fee-for-Service**: Refers to training or services provided at cost that are above and beyond the level of service funded by CDE. This category is intended to capture data on unfunded need for California residents.

**NEW FORMAT**

The Direct Service Profile Report consists of the data that is included on the Long and Short forms that individuals used to fill out and submit for each training. This data was then inputted into an Excel spreadsheet based on a defined coding structure. The first cell of that report is displayed on the left.

The New ORGCODE consists of the following information:

- Vendor Number
- CDE/F5CA Program Code
- Professional Delivery Type
- Delivery Method
- CDE/F5CA Funded or Fee-for-Service

123401R100 [This code populates ORGCODE on DSPR]

**NOW a 3-digit code**

A. **Vendor Number**: Organizations that receive funding from the California Department of Education – Early Education Support Division (CDE-EESD) or First 5 CA, must have a **Vendor Number** on file with the CA ECE Workforce Registry. If an application for the CA ECE Workforce Registry Training Module/Calendar was submitted and processed, and organization staff already have access to **Sponsor Tools** on the Registry, your organization already has a vendor number on file.
B. **CDE/F5CA Program Code**: Another critical component for state reporting utilizing the Registry is the **CDE/F5CA Program Code**, typically a 3-digit code. Below are some examples of program codes:

- ##R = County Number + Resource and Referral
- ##C = County Number + Child Care Initiative Project [CCIP]
- PIN = California Preschool Instructional Network (CPIN)
- PIT = Partnership Infant/Toddler Care (PITC)
- ##HST = County Code + California Health and Safety Training (CHST)

The program codes are stored in the organization program profile. The codes are visible and are applied during the set-up of a new Event by selecting **Primary CDE/F5CA Program Code**. Select which code you predict will apply to most training participants. The **CDE/F5CA Program Codes** can later be applied at the individual level, for organizations that may apply more than one code for specific types of events.

In order for the Registry to be flexible for multiple types of users the **Primary CDE/F5CA Funding Code** is not a required field. CDE/F5CA professional development contractors may also provide professional development that is not funded by State funds. If the PD activity **IS** funded by the State, it is important to set the **Primary CDE/F5CA Program Code** when initially setting up the Event.

The Primary CDE/F5CA Program Code can be added later, however, applying the code after the initial set up of the Event will require additional steps, see below and how to apply the code to individuals on page 54-56:

1. Go to **Training Sponsor Tools**
2. Go to **Event Management**
3. Select Event to edit and click **View**
4. Scroll down to **CDE/F5CA Coding** and select **Edit**
5. Use the drop down menu to select **Primary CDE/F5CA Program Code** and **Save**
6. If applicable, also select **Yes** and choose a **Vendor Host**
7. Go to **CDE/F5CA Attendee Coding** to apply codes to attendees, see page 49-50
LAST THREE-DIGITS OF ORGCODE

FIRST DIGIT: PROFESSIONAL DEVELOPMENT DELIVERY TYPE

1. Applying Professional Development Type Code: The professional development types are derived from Trainings and/or Events.

   a. Trainings -> Interaction Type: When the training inventory is set up, an Interaction Type is applied.

The selection of an Interaction Type, triggers a Professional Development Delivery Type Code for Training, Technical Assistance, Coaching and Mentoring (see additional information on page 48).
b. **Events -> Intended Audience**: When the event is set up, the Event Type and Intended Audience triggers PD Delivery Type Code for Trainer-of-Trainers (the first digit of new coding structure).
   
i. **Trainer-of-Trainers**: The PD Delivery Type is derived by selecting Trainer or Faculty in Intended Audience.

> **Intended Audience**: is designed to target the audience for trainee search and based on content type of the training. For example, Trainer-of-Trainer, is a different type of curriculum than a training for a child development teacher working in a classroom directly with children. Avoid clicking all the boxes.

**SECOND DIGIT: DELIVERY METHOD**

2. **Applying Delivery Method**: The delivery method types are derived from Event data.
   a. **Event -> Event Type**: When the event is set up Event Type is applied which generates a code when the Primary CDE/F5CA Program Code is applied at event set-up. For example, when Web-based Self-Paced/Ongoing or Web-based Time Specific is selected the Delivery Method 4 will be applied to the Direct Service Profile Report - CDTC Format located in Sponsor Tools in Reports.
THIRD DIGIT: CDE/F5CA or FEE-FOR-SERVICE

3. **Applying CDE/F5CA or Fee-for-Service:** These funding codes are applied at the individual level when confirming attendance in the Roster.
   a. **Event Management -> Roster:** The Roster can be accessed by clicking the icon below the roster header. On the day of the event attendees can be added and/or the attendance can be verified and CDE/F5CA program and funding codes applied. These codes will populate the Direct Service Profile Report – CDTC Format located in **Sponsor Tools -> Reports.**
The program codes are assigned by CDE-EESD/FSCA and are affiliated with a Sponsor Organization. For example, by selecting 19R the Primary CDE/FSCA Program Funding Code will be applied to all individuals that register for the event, or that are added to the Roster. Individuals that do not fit that program funding stream can be edited in CDE/FSCA Attendee Coding.

**STEP 1A:**
Make sure that all attendees are on the Roster.

**STEP 1B:**
Add attendees not on the Roster by clicking Add Non-Enrolled Attendee to Roster and adding attendees by Registry ID.

See image on page 49.

**STEP 1B:**
Add attendees not on the Roster by clicking Add Non-Enrolled Attendee to Roster and adding attendees by Registry ID.

The program codes are assigned by CDE-EESD/FSCA and are affiliated with a Sponsor Organization. For example, by selecting 19R the Primary CDE/FSCA Program Funding Code will be applied to all individuals that register for the event, or that are added to the Roster. Individuals that do not fit that program funding stream can be edited in CDE/FSCA Attendee Coding.

**Enter Registry ID**
(Example: 100800357)

**Add to Roster**
After clicking **CDE/F5CA Attendee Coding** button on the bottom of the **Roster** page, this screen appears that displays the program codes and CDE/F5CA funding options: CDE/F5CA Funding or Fee-for-Service (8), see definitions on page 49.

**STEP 2:**
If all of the attendees are from the same CDE/F5CA Program Code, skip to the CDE/F5CA Funding column.

If there are some individuals that belong in another program, such as CCIP, click the drop down menu to select from all available codes.

**STEP 3:**
Select either Fee-for-Service or CDE/F5CA Funded to complete the state funded program coding. Default value is **CDE/F5CA Funded** which will apply zero (0) to the end of the ORGCODE for the Direct Service Profile Report. If you select “No Funding Specified” this data will not be included in the DSPR.

If the Primary CDE/F5CA Program Code that was used for the event is not the majority of attendees, the code can be changed for all attendees and the few are another source can be changed manually.

All CDE/F5CA Funding can also be changed and applied to attendees and manual changes can be applied to attendees that fit an different funding category.
If there are attendees that are in a primarily CDE/F5CA training that is covered wholly by a different funding source, the CDE/F5CA Program Name and CDE/F5CA Funding codes can be removed, see image below. The purpose of applying funding codes is to report the data to the CDE/F5CA for state sponsored events and attendees.
